Executive Director

NOTE FOR: Carol Patrick
PFIAB

FROM: Executive Assistant/Executive
Director

Per your request, attached is a list of DCD Field Offices. As we discussed, on a case-by-case basis, members may request to have classified information made available to them in the nearest DCD Field Office (Residential Offices would not be appropriate). We will generally make that information available to them for 90 days. Something extremely sensitive like NIE 11-3/8 would not be permitted at one of these offices. Logistics and security concerns preclude our sending this material to these offices on a regular basis. Once you provide me some indication of Board members' project areas, I will provide you relevant publications to hold for them in your office.
